# 1. INDIA AND ITS NEIGHBORHOOD

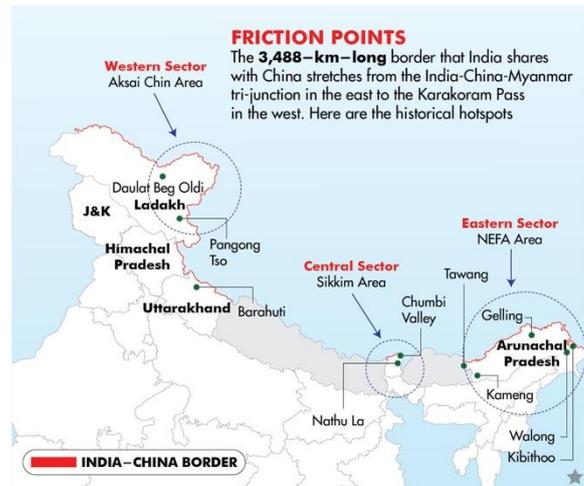

## 1.1. INDIA-CHINA

### Why in news?

Recently, border clashes have been reported along the Line of actual control (LAC) in Tawang sector of Arunachal Pradesh.

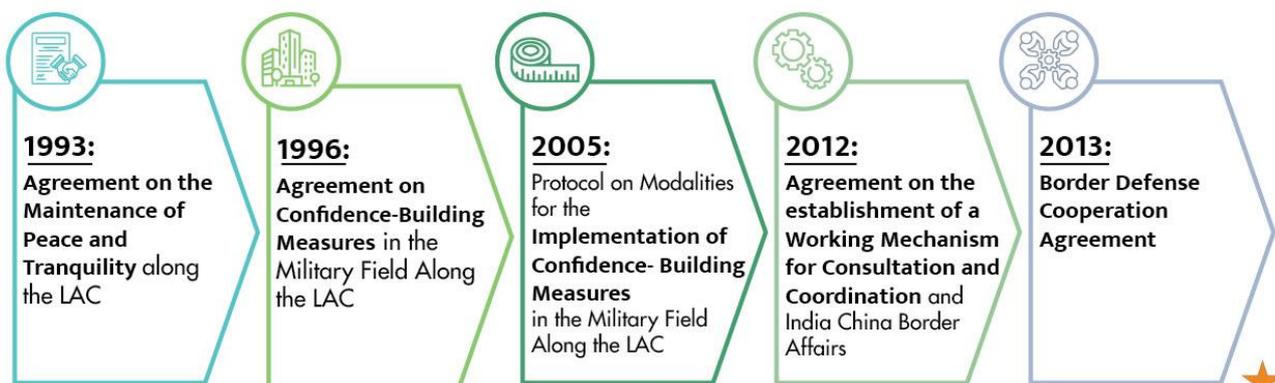

### India China border dispute

- The border between India and China is **not clearly demarcated** throughout and there is **no mutually agreed Line of Actual Control (LAC)** along certain stretches.
  - LAC came into existence after the 1962 Indo China war.
- India-China border is divided into **three sectors, viz. Western, Middle and Eastern (Refer map):**

Region	Dispute	India's stand	China's stand
<b>Western sector (Ladakh)</b>	Boundary dispute in this sector pertains to the <b>Johnson Line</b> proposed by the British in the 1860s that extended up to the Kunlun Mountains and put Aksai Chin in the then princely state of Jammu and Kashmir.	India uses the <b>Johnson Line</b> and claims Aksai Chin as its own.	China doesn't recognize <b>Johnson Line</b> and instead accepts <b>McDonald Line</b> which puts Aksai Chin under its control.
<b>Middle Sector (Himachal Pradesh and Uttarakhand)</b>	In this sector dispute is a <b>minor one</b> . Here LAC is the least controversial except for the precise alignment to be followed in the <b>Barahoti plains</b> .	India and China have exchanged maps on which they broadly agree.	
<b>Eastern Sector (Arunachal Pradesh and Sikkim)</b>	Disputed boundary in this sector is <b>over the McMahon Line (in Arunachal Pradesh)</b> decided in 1914 in a meeting of Representatives of China, India, and Tibet in Shimla.	India asserts that according to the line, Tawang Tract is a part of India (according to 1951 position).	China asserts that Tawang Tract is part of its territory.

## Border dispute settlement mechanism between India and China

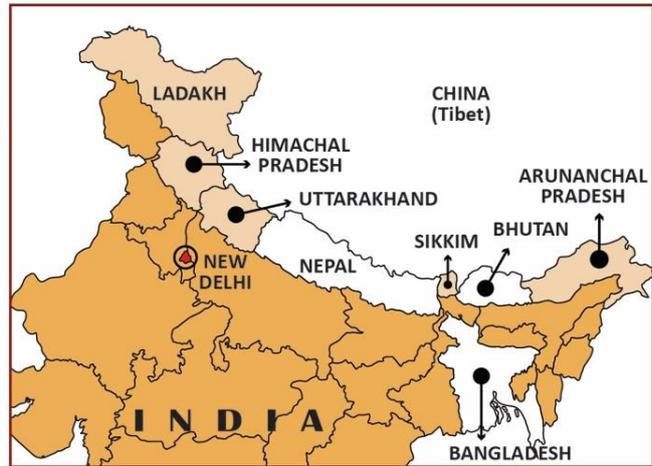

## India China Relations- Key Facts

Historically, **Silk Road** served as a **major trade route** between India and China, and for **facilitating the spread of Buddhism** from India to East Asia.

India shares **3488 km** of border with China that runs along the Union Territory of **Ladakh** and States of **Himachal Pradesh, Sikkim, Uttarakhand** and **Arunachal Pradesh**.

Bilateral trade between China and India is more than **\$100 billion**.

India's **trade deficit** with China is more than **\$56 billion** (biggest single trade deficit India has with any country).

**Sister-cities relationship** is there between Delhi-Beijing, Ahmedabad-Guangzhou, Bengaluru-Chengdu, Kolkata-Kunming and Chennai- Quanzhou and **sister-province relationship** between Gujarat and Guangdong Province and Tamil Nadu and Fujian province.

Both countries are members of multilateral groupings such as **BRICS, SCO, RIC, WTO, UN and G20**.

### 1.1.1. ONE-CHINA POLICY

#### Why in news?

US house speaker recent visit to Taiwan was seen by China as being in contravention to One China Policy.

#### More on news

- The US has maintained a **'One China'** policy since the **1970's**, recognising Taiwan as part of China. But it has unofficial ties with Taiwan as well, a strategy known as **strategic or deliberate ambiguity**.
  - The island of Taiwan is part of the so-called **"first island chain"**, which includes a list of US-friendly territories that are crucial to US foreign policy.

#### India's Policy on Taiwan

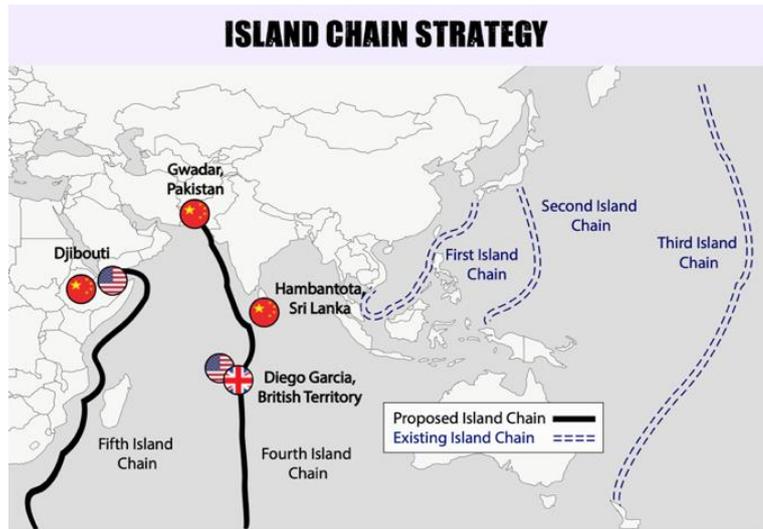

- India follows the **"One China"** policy since **1949** and has **no formal ties with Taiwan** yet.
- Also, in **1995** India and Taiwan established offices in each other country for diplomatic functions with focus on- **Commerce, Culture and Education**.
- However, from **2010** India stopped the use of **"One China"** in the backdrop of increased Chinese aggressions at the Line of Actual Control.
- Since then, India has signed a **Double-Taxation Avoidance Agreement and a Bilateral Investment Treaty** with Taiwan.

#### What is One-China Policy?

- It is a **policy of acknowledging** that there is only one Chinese government as opposed to separate Chinese states.
- Further under this principle, countries also consider disputed territories of **Taiwan, Tibet, Hong Kong and Xinjiang** to be an inseparable part of mainland China.

### About First Island Chain

- **First Island Chain** comprises the Kuril Islands, the Japanese Archipelago, Ryukyu Islands, Taiwan, northwest Philippines and ending at Borneo.
- This chain is the first line of defence and serves as the maritime boundaries between the East China Sea, Philippine Sea, South China Sea and the Sulu Sea.
- In this chain are located the Bashi Channel and the Miyako Strait which are critical chokepoints for China.
- It is a part of **Island Chain Strategy** (refer image) formulated by the US in 1951 to contain the erstwhile USSR and China with a string of naval bases in the western Pacific region to restrict sea access to these two countries.

### 1.1.2. ONE COUNTRY, TWO SYSTEMS

#### Why in News?

China marked the 25th anniversary of Hong Kong's return and emphasized Beijing's control over Hong Kong under **One country, two systems (OCTS)**.

#### Background of OCTS

- It was originally proposed to unify China and Taiwan but rejected by Taiwan.
- The idea resurfaced when **China started talks with Britain and Portugal**, who were governing Hong Kong and Macau, respectively, as colonies.

#### About OCTS

- Under this, **China proposed that, Hong Kong, and Macau, can have different economic and political systems from that of mainland China, while being part of China.**
- Both regions became **Special Administrative Regions** of China with their **own currencies, economic and legal systems,**
  - However, **defence and foreign affairs** would be **decided by China.**
- Also, Hong Kong has freedom of assembly and speech, and some democratic rights, which **are not available in mainland China.**
  - These freedoms are protected by the Basic Law, a mini constitution that guides relationship between Hong Kong and China.
  - **Basic law is valid for 50 years, till 2047 for Hong Kong and 2049 for Macau.** But it is **unclear what will happen after this term.**

### DO YOU KNOW?

- ▶ British had taken control of **Hong Kong in 1842** after the **First Opium War**. In 1898, Britain and China signed Convention, which allowed the British to take **control of the islands surrounding Hong Kong on lease for 99 years.**
- ▶ Macau, on the other side, had been ruled by the **Portuguese from 1557.**
- ▶ In the 1980s, China initiated talks with both **Britain and Portugal for the transfer of two territories.**
- ▶ Hong Kong returned to Chinese control **in 1997**, and Macau's sovereignty was transferred **in 1999.**

## 1.2. INDIA-PAKISTAN

### India-Pakistan Relations- Key Facts

➔ India-Pakistan **border runs along Ladakh, Jammu & Kashmir, Punjab, Rajasthan and Gujarat** for a length of about **2,300 km**(excluding the Kashmir border portion which is under partial occupation of Pakistan).

➔ **India Pakistan boundary is the result of partition in 1947 under the Radcliffe award.**

➔ Bilateral trade is around USD 500 million and **India has a trade surplus.**

➔ **Cross LoC travel** was started in 2005 and trade across J&K was initiated in 2009.

➔ **Kartarpur Corridor** provides for visa-free travel of Indian pilgrims as well as Overseas Citizen of India (OCI) cardholders, **to Gurdwara Kartarpur Sahib in Pakistan.**

➔ India and Pakistan signed a **visa agreement** in 2012 leading to liberalization of bilateral visa regimes between the two countries.

➔ India and Pakistan are members of multilateral groups such as **SAARC, G33, WTO and UN.**

### 1.2.1. INDUS WATER TREATY

#### Why in news?

India issued notice to Pakistan to modify Indus Waters Treaty.

#### More on news

- The notice opens up the process for making changes to the treaty for the **first time since it was signed.**
- India is seeking modifications in the treaty **to make it easier for Pakistan to enter into intergovernmental negotiations**, within 90 days, and **rectify the 'material breach' of IWT.**
- The notice was issued in line with **Article XII (3)** of the treaty, which states: "The provisions of this Treaty may from time to time be modified by a duly ratified treaty between the two Governments."

### Indus River Basin

## Important international principles for water-sharing

### The Harmon doctrine

It postulates that **every state is sovereign** in its water resources and has **right to do whatever it likes** within its territorial jurisdiction.

### Campione Rules

It outline the need to include the water of an aquifer (that is, underground water or fossil water) while determining reasonable equitable share.

### Helsinki rules, 1996

It established the principle of **“reasonable and equitable utilization”** of the waters of an international drainage basin among the riparian states as the basic principle of international water law.

### Berlin Rules 2004

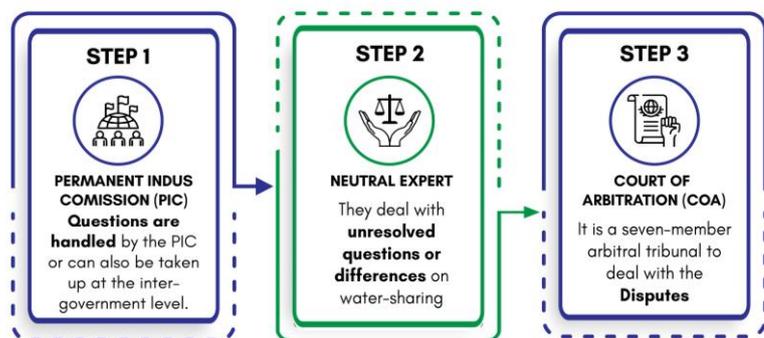

It provides that basin states should manage the water of an international drainage basin having due regard for the obligation not to cause significant harm to other basin states.

### About the Indus Water Treaty (IWT)

- IWT was signed in 1960, between India and Pakistan and brokered by the World Bank.
- Objective:** The treaty fixed and delimited the rights and obligations of both countries concerning the use of the waters of the Indus River system.
  - It consists of **six main rivers** with numerous tributaries.
- Provisions for sharing of river water:**
  - All the water of the **eastern rivers – Sulej, Beas, and Ravi** which amounts to around 33 million acre-feet (MAF) annually — is **allocated to India** and is for unrestricted use.
  - And the water of **western rivers – Indus, Jhelum, and Chenab** which is around 135 MAF annually has been **assigned mostly to Pakistan**.
    - ✓ **India has the right under the Treaty to generate hydroelectricity through run-of-the-river projects on the western rivers.** These are subject to specific criteria for design and operation.
    - ✓ Indian hydro-electric power (HEP) projects on tributaries of Chenab River: **Pakal Dul, Kiru, Lower Kalnai and Ratle.**
    - ✓ **Run-of-the-river hydroelectricity project** is a type of hydroelectric generation plant whereby little, or no water storage is provided.
- Other Provisions:**
  - It provided for the **funding and building of dams, link canals, barrages, and tube wells**—notably the Tarbela Dam on the Indus River and the Mangla Dam on the Jhelum River.
  - The **treaty required the creation of a Permanent Indus Commission**, with a commissioner from each country, to maintain a channel for communication and to try to resolve questions about implementation of the treaty. In addition, a **mechanism for resolving disputes** was provided.

### Three Step Dispute Resolution Mechanism under IWT

Neutral Expert and CoA is **appointed by the World Bank**. However, **it doesn't have the power to decide whether one procedure should take precedence** over the other.

India's current mechanism of cooperation in river water sharing with other countries

### 1.2.2. THE SHIMLA AGREEMENT

#### Why in news?

The Shimla Agreement completed 50 years.

#### About Shimla Agreement

- It was signed on 2nd July 1972 between India and Pakistan.
- It laid a comprehensive blueprint for good neighborly relations between the countries.
- It was signed to reverse the consequences of the 1971 war.
- Key Principles of Shimla Agreement**
  - Charter of the United Nations shall govern the relations between the two countries.
  - Mutual commitment to the peaceful resolution of all issues through direct bilateral approaches.
  - To build the foundations of a cooperative relationship with special focus on people-to-people contacts.

- To uphold the inviolability of the Line of Control in Jammu and Kashmir, which is a most important Confidence Building Measures between India and Pakistan, and a key to durable peace.
- Respect for each other's national unity, territorial integrity, political independence and sovereign equality.
- While India has faithfully observed the Shimla Agreement principles, Pakistan did not live up to its initial promises as:
  - It keeps raising the Kashmir issue at international forums and involves third parties to find a solution.
  - Frequent Line of Control Violations.
- Apart from Shimla agreement, Lahore Declaration (1999) reiterated, among other things, that the Kashmir issue needed to be resolved bilaterally.

### 1.2.3. CHINA PAKISTAN ECONOMIC CORRIDOR (CPEC)

#### Why in news?

China and Pakistan have decided to invite interested third country to join the CPEC project and are also planning to expand CPEC projects to Afghanistan.

#### About CPEC Project

- CPEC is a 3,000-km long route of infrastructure projects connecting Pakistan's Gwadar port in Balochistan to China's northwestern Xinjiang region.
- CPEC is a part of China's most ambitious project 'Belt and Road Initiative (BRI)'.
  - The BRI, launched in 2013, aims to link Southeast Asia, Central Asia, the Gulf region, Africa and Europe with a network of land and sea routes.
- It will pave the way for China to access the Middle East and Africa from Gwadar Port, enabling China to access the Indian Ocean and in return China will support development projects in Pakistan to overcome the latter's energy crises and stabilising its faltering economy.
- India has repeatedly registered its protests over CPEC.

### 1.2.4. GILGIT BALTISTAN REGION

#### Why in news?

Recently, demonstrations have erupted in Gilgit-Baltistan due to a dearth of fuel, food, and electricity.

#### History

- Gilgit was part of the princely state of Jammu & Kashmir.
- Following the India-Pakistan ceasefire of 1949, "provisional government" of "Azad Jammu & Kashmir" ceded administration of Gilgit-Baltistan to Pakistan.
- In 2021, India criticised Pakistan for its attempt to accord provincial status to Gilgit-Baltistan.
  - UTs of Jammu & Kashmir and Ladakh, including 'Gilgit-Baltistan', are an integral part of India by virtue of the accession of Jammu & Kashmir to Union of India (1947).
- The area's strategic importance for India has increased in light of the China-Pakistan Economic Corridor agreement.

### 1.3. INDIA-BANGLADESH

#### Why in News?

Recently, India and Bangladesh announced several initiatives to further cooperation between two nations.

#### Key decisions/initiatives announced

- **Comprehensive Economic Partnership Agreement (CEPA):** Both sides will soon commence negotiations on a CEPA.
  - CEPA is a bilateral agreement that covers trade in goods and services, investment, competition and intellectual property rights (IPRs).
- **Water sharing Signed MoU on sharing of waters of Kushiyara river,** first such pact since signing of Ganga water treaty in 1996.
  - **Kushiyara forms** on India-Bangladesh border as a branch of **Barak River**, when Barak separates into Kushiyara and Surma.

#### Other Major Connectivity Projects between the two countries:

- **Protocol on Inland Water Transit and Trade (PIWTT)** connecting the inland waterways of India and Bangladesh for commerce and trade.
  - **Second addendum to the protocol** included two new routes (Sonamura-Daudkandi on river Gomti and extension of Dhulia to Godagiri up to Aricha on river Padma), five new ports of call and two extended ports of call.
- **India-Bangladesh Friendship Pipeline Project**, will connect Siliguri (West Bengal) and Parbatipur (Dinajpur district of Bangladesh) to provide a stable supply of diesel.
- **Railway link between Chilahati (Bangladesh) and Haldibari (India).**
- **Feni Bridge (Maitree Setu)** over the Feni river connects Subroom (Tripura) and Ramgarh (Bangladesh).
- **Chattogram and Mongla Ports** in Bangladesh are used by India for transporting goods to bordering North Eastern States.
- **Agartala-Akhaura rail link** is also expected to open up markets of India's north-eastern states for Bangladesh.

### India-Bangladesh Relations- Key Facts

India and Bangladesh share **4,096 km** of international border (with five Indian states—**Assam, West Bengal, Mizoram, Meghalaya, and Tripura**).

Bangladesh is **India's biggest trade partner** in South Asia.  
 India is the **second biggest trade partner of Bangladesh** after China.  
 Bilateral trade is around **\$18 billion**.

**Bangladesh has been the largest recipient of Indian Lines of Credit (LoC)** amounting to US\$ 8 billion.  
 Recently, India offered USD 500 mn line of credit for **Joint Production of Defence Equipment**.

After the 1971 India-Pakistan War, India and Bangladesh signed a **Treaty of Peace and Friendship, in 1972**.

India shares **54 trans-boundary rivers** with Bangladesh with several disputes including Teesta, Ganga, Tipaimukh Hydro-Electric Power Project on the Barak River etc.

**India and Bangladesh cooperate on International Forums** like SAARC, BIMSTEC, BBIN (Bangladesh, Bhutan, India, and Nepal), Indian Ocean Rim Association for Regional

- **Connectivity projects**
  - **Inauguration of Rupsha bridge**, a key part of Khulna-Mongla Port rail project.
  - **Khulna Darshana railway link project** upgrading existing infrastructure from Gede-Darshana (India) to Khulna (Bangladesh).
  - **Parbatipur -Kaunia railway line** will connect to existing border rail at Birol (Bangladesh)-Radhikapur (West Bengal).
- **Others: Maitree power plant at Rampal, Khulna** is being set-up as Indian Development Assistance under Concessional Financing Scheme (CFS).
  - Under CFS, Government of India has been **supporting Indian Entities bidding for strategically important infrastructure projects abroad.**

## 1.4. INDIA- NEPAL

### Why in news?

India, Nepal ink eight pacts.

### Indo-Pacific Economic Framework (IPEF)

**About IPEF:** IPEF is a U.S.-led framework for 14 participating countries to solidify their relationships and engage in crucial economic and trade matters that concern the region, such as building resilient supply chains battered by the pandemic.

#### Current IPEF Members

#### Key Features

The grouping is intended to **counter the aggressive and non-transparent trade** and economic policies of China in the Indo-Pacific.

**It is not a free trade agreement.**

IPEF is **more about standard setting and facilitating trade and will not involve more market access for its members.** Nor will it negotiate lower tariffs.

The framework would be open to other countries willing to join in the future.

#### Four pillars of- IPEF\*

**Note-** Countries are free to join (or not join) initiatives under any of the stipulated pillars but are expected to adhere to all commitments once they enroll

- As of now, **India agreed on three out of four pillars** related to supply chains, tax and anti-corruption and clean energy.

#### Significance of IPEF for India

- Participation in **regional trade.**
- Provides **platform for negotiations** on a range of issues like environmental restrictions on fossil fuels, data localization etc.
- Better **economic opportunities**
- **Countering China** in the Indo-Pacific
- Participation in **resilient supply chains**

#### About Indo-Pacific

- It is a geographical construct that has emerged as a substitute to the long prevalent "Asia-Pacific".
- Different countries interpret the region differently.

## 6. INDIA-EUROPE

### 6.1. INDIA- EUROPEAN UNION

#### Why in news?

India and the European Union (EU) concluded the **first round of negotiations of Bilateral Trade and Investment Agreements (BTIA)**.

#### More about news

- Talks on BTIA, the **Free Trade Agreement (FTA)** was resumed after a gap of about nine years since the earlier negotiations were left off in 2013 due to difference in the scope and expectations from the deal.
  - FTA involves **agreements on trade, investments and Geographical Indications (GI)**.
- **Significance of India-EU FTA**
  - It will help **Indian exporters gain competitive advantage in EU markets** while helping domestic manufacturers get cheaper access to imports from EU.
  - EU is considered **India's main source of technology transfer and development**. FTA will provide boost to Make in India and Atmanirbhar Bharat initiative.
  - EU is also looking for a **large market as intra-EU trade remains stagnant** and trade with the UK shrinks.

#### India and EU

- India's bilateral trade with EU amounted to USD 116.36 billion in 2021-22.
- **Besides FTA**, negotiations were also launched for a stand-alone **Investment Protection Agreement (IPA)** and a **Geographical Indicators (GIs) Agreement**.
  - GI pact will **establish a transparent and predictable regulatory environment**, to facilitate trade of GI products.
- Both sides have agreed to institute **the EU-India Trade and Technology Council** for strengthening economic and technological ties.
- **India and the European Commission agreed to launch India-EU Trade and Technology Council (TTC)**
  - This **strategic coordination mechanism** will allow both partners **to tackle challenges at nexus of trade, trusted technology and security**, and thus deepen cooperation in these fields between EU (European Union) and India.
  - **1st for India and 2nd for EU** (after the US-EU TTC of 2021), TTC signifies enhanced political value of India in uncertain global strategic environment.

#### KNOW THE TERM

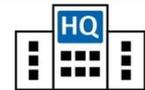

- **Investment Protection Agreement (IPA):** IPA is an agreement with reciprocal undertakings to promote and **protect private investments made by nationals** of the signatories in each other's territories. ★

# 9. ISSUES RELATED TO SECURITY

## 9.1. WEAPONS OF MASS DESTRUCTION (WMD)

### Why in news?

Recently, Weapons of Mass Destruction and their Delivery Systems (Prohibition of Unlawful Activities) Amendment Act, 2022 to ban funding of weapons of mass destruction was enacted.

### Key provisions

- It amends the Weapons of Mass Destruction and their Delivery Systems (Prohibition of Unlawful Activities) Act, 2005.
  - The 2005 Act prohibits unlawful activities (such as manufacturing, transport, or transfer) related to weapons of mass destruction, and their means of delivery.
  - The recent amendment extends the scope of banned activities to include financing of already prohibited activities.

- It bars persons from financing any prohibited activity related to WMD and their delivery systems directly or indirectly.
- It empowers the central government to freeze, seize or attach financial assets and economic resources of people engaged in such activities.

### Weapons of Mass Destruction and their Delivery Systems (Prohibition of Unlawful Activities) Act, 2005.

- Its primary objective is to provide an integrated and overarching legislation on prohibiting unlawful activities in relation to all three types of WMD (i.e., Nuclear, Chemical and Biological), their delivery systems and related materials, equipment and technologies.
- It instituted penalties for contravention of these provisions such as imprisonment for a term not less than five years (extendable for life) as well as fines.
- The Act was passed to meet an international obligation enforced by the UN Security Council Resolution (UNSCR) 1540 of 2004.
  - UNSCR 1540 established binding obligations on all UN member states to take and enforce effective measures against proliferation of WMD, their means of delivery and related materials to non-state actors.

### Definitions of WMDs as per India's WMD Act, 2005

Nuclear weapons 	Chemical weapons 	Biological Weapons 
Those which are categorized as having nuclear capabilities and recognized by the Government of India. In general, these machinery and weapons use the process of nuclear fission in order to facilitate an explosion.	Toxic chemicals and their precursors (except where used for peaceful purposes); munitions and devices specifically designed to cause death or other harm through the toxic properties of those toxic chemicals; and any equipment specifically designed for use in connection with the employment of these munitions and devices.	Microbial or other biological agents, or toxins of types and in quantities that have no justification for prophylactic, protective or other peaceful purposes; and weapons, equipment or delivery systems specially designed to use such agents or toxins for hostile purposes or in armed conflict.

### About Weapons of Mass Destruction (WMD)

- There is no single, authoritative definition of a WMD in international law and the expression is usually understood to cover nuclear, biological, and chemical (NBC) weapons.
- According to the United States Department of Homeland Security, "A weapon of mass destruction is a nuclear, radiological, chemical, biological, or other device that is intended to harm a large number of people.

### Global efforts to outlaw several classes of WMDs

Biological and Toxic Weapons Convention (BWC), 1972	Prohibits the development, production, acquisition, transfer, stockpiling and use of biological and toxin weapons. <ul style="list-style-type: none"> <li>It supplements the 1925 Geneva Protocol, which had prohibited only the use of biological weapons.</li> </ul>	Yes
Chemical Weapons Convention (CWC), 1992	Prohibits the development, production, acquisition, stockpiling, retention, transfer or use of chemical weapons.	Yes

	<ul style="list-style-type: none"> <li>It led to the establishment of <b>Organisation for the Prohibition of Chemical Weapons (OPCW)</b> headquartered at Hague, Netherlands.</li> </ul>	
<b>Treaty on the Non-Proliferation of nuclear weapons (NPT), 1970</b>	To prevent the spread of nuclear weapons and weapons technology, to promote cooperation in the peaceful uses of nuclear energy and to further the goal of achieving nuclear disarmament.	<b>No.</b> India opposes NPT's discriminatory nature and argues for the universal ban of nuclear weapons.
<b>Treaty on the Prohibition of nuclear weapons (TPNW), 2017</b>	Prohibits participating in any nuclear weapon activities. These include undertakings not to develop, test, produce, acquire, possess, stockpile, use or threaten to use nuclear weapons and also to provide assistance to any State in the conduct of prohibited activities.	<b>No.</b> India believes that this Treaty does not constitute or contribute to the development of customary international law; nor does it set any new standards or norms.
<b>Comprehensive Nuclear-Test-Ban Treaty, 1996</b>	It bans all nuclear explosion tests on Earth. It also establishes a CTBT Organization (CTBTO), located in Vienna, to ensure the implementation of its provisions. <ul style="list-style-type: none"> <li>It is yet to enter into force.</li> </ul>	<b>No.</b> India opposes CTBT's discriminatory nature and supports universal ban of nuclear weapons
<b>Hague Code of Conduct (HCOC) formerly known as "The International Code of Conduct" (ICOC), 2002</b>	To regulate access to ballistic missiles which can potentially deliver weapons of mass destruction.	Yes
<b>Multilateral Export Control Regimes (MECR)</b>	Voluntary and non-binding agreements created by the major supplier countries to co-operate in their effort to prevent transfer of certain military and dual use technology that support proliferation of Weapons of Mass Destruction (WMD). There are currently four such regimes under MECR: <ul style="list-style-type: none"> <li><b>Nuclear Suppliers Group (NSG)</b> for the control of nuclear related technology.</li> <li><b>Australia Group (AG)</b> for control of chemical and biological technology that could be weaponized.</li> <li><b>Missile Technology Control Regime (MTCR)</b> for the control of rockets and other aerial vehicles capable of delivering weapons of mass destruction.</li> <li><b>Wassenaar Arrangement</b> for Conventional Arms and Dual-Use Goods and Technologies.</li> </ul>	India is member of three of the four MECRs, except the Nuclear Supplier Group.

### Why in News?

Recently, Pakistan is out of FATF 'grey list' on terror funding

# Financial Action Task Force

**About:**  
It is an inter-governmental body established by a Group of Seven (G-7)

**Objective:**  
To protect the global financial system against money laundering, terrorist financing and financing of proliferation of weapons of mass destruction.

**Members:**  
37 member jurisdictions and 2 regional organisations (Gulf Co-operation Council and European Commission).

**Functions**

Sets international standards, to prevent illegal activities such as: Global anti-money laundering (AML) and Counter-terrorist financing (CFT) standards.

Maintains 'Black' and 'Grey' lists of the countries.  
➤ Countries are removed from grey list based on their progress on the effectiveness of its AML/CFT regime.

### Grey List vs Black List

		Grey List or "Jurisdictions under increased monitoring"	Black List or "High-risk jurisdictions subject to Call for Action"
	Why countries come under these lists?	They have strategic deficiencies in their regimes to counter ML/TF/PF.	They have significant strategic deficiencies in their regimes to counter ML/TF/PF.
	What are the implications of being in these lists?	<ul style="list-style-type: none"> <li>• Countries have to Formally commit to develop action plans to address strategic deficiencies, in their regimes.</li> <li>• Comply with certain conditions laid down by the FATE, failing. which they run the risk of being "blacklisted" by the watchdog.</li> </ul>	Countries have to apply enhanced due diligence, and, in most serious cases, countries are called upon to apply counter measures.

## 9.5. MISSION DEFSPACE

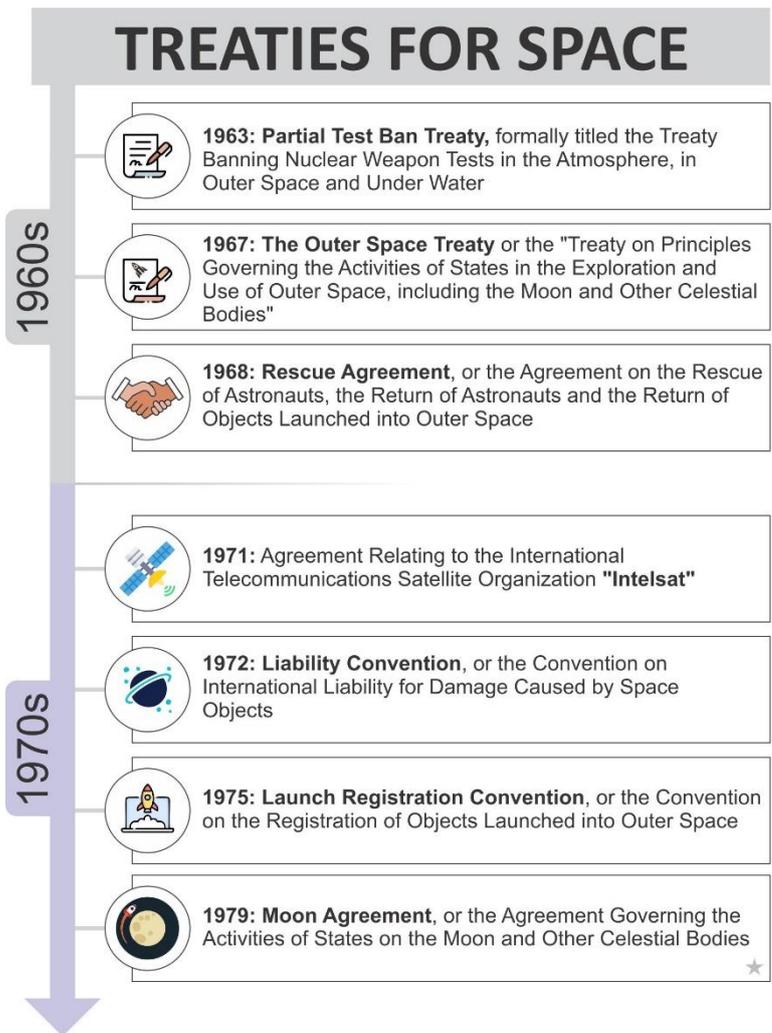

### Why in news?

Mission DefSpace was launched at the annual Defense Expo held in Gandhinagar, Gujarat.

### About Mission DefSpace

- Mission DefSpace has been to develop innovative solutions for the Armed Forces in the space domain through industry and start-ups at DefExpo 2022.
  - Also, the 'Fourth Positive indigenisation List' of 101 items under the Defence Acquisition Procedure (DAP) 2020 to boost self-reliance was announced.
- Militarisation of Space and Mission DefSpace
  - Though a number of treaties (refer infographic) exist for space and its peaceful uses, a number of challenges/ threats exist to space assets.
    - ✓ US (Space force) and China (PLA Strategic Support Force) are also pursuing dedicated military space institutions.

- Under **Mission DefSpace**, 75 such challenges (launch systems, satellites, etc) are identified to get innovative solutions for armed forces.
- India's **space diplomacy**:
  - India launched the **South Asia satellite** to boost **regional communication** and **improve disaster links** among its six neighbours.

## 9.6. DEFENCE ACQUISITION PROCEDURE, 2020

### Why in News?

Government gave in-principle approval to indigenous defence projects light tanks, airborne stand-off jammers, communication equipment and simulators under Defence Acquisition Procedure(DAP), 2020.

### Salient features of Policy

- DAP will **ensure timely acquisition of military equipment, systems and platforms as required by the Armed Forces** in terms of performance, capabilities and quality standards, through optimum utilisation of allocated budgetary resources.
- It has come into effect from October 1, 2020 and will **supersede the Defence Procurement Procedure (DPP) of 2016**.
  - Defence Ministry had constituted **Committee under Apurva Chandra** for preparation of DAP-2020.
- DAP will **cover all Capital Acquisitions** other than Works and Land undertaken by the Ministry of Defence (MoD) and Service Headquarters (SHQ) both from indigenous sources and ex-import, **except for medical equipment**.

### What is offset?

- Under the offset policy, the foreign defence entities were mandated to **spend at least 30% of the total contract value in India** through procurement of components, transfer of technologies or setting up of research and development facilities.
- This condition was for all contracts worth **more than Rs 2,000 crore**.
- It was meant to **improve the domestic defence manufacturing**.

### Overall Enhancement in Indigenous Content (IC)

Sr no	Category	DPP 2016	DAP 2020
1	Buy (Indian-IDDM)	Min 40%	Min 50%
2	Buy (Indian)	Min 40%	Indigenous design - Min 50% Otherwise - Min 60%
3	Buy & Make (Indian)	Min 50% of Make	Min 50% of Make
4	Buy (Global-Manufacture in India)	-	Min 50% of Buy plus Make
5	Buy (Global)	-	Min 30% for Indian Vendors

**Key points in policy**

- **Offset policy revised.**
- **Notify a List of Weapons/Platforms for Ban on Import**
- **For Indigenisation of Imported Spares:**
  - **New Category of Buy (Global – Manufacture in India)**
  - **Request For Information (RFI)** to confirm that the equipment has been indigenously designed and developed.
  - **Reservation in Categories for Indian Vendors**
  - **Other proposed measures:** These includes making after sales support part of capital acquisition contract, higher indigenous content in acquisitions and incentives for local material and software and emphasis on product export under offsets.
- **Leasing:** It has been introduced as a new category for acquisition in addition to the existing ‘Buy’ and ‘Make’ categories to substitute huge initial capital outlays with periodical rental payments.
- **Strategic Partnership Model (SPM):** Strategic Partnerships will seek to enhance indigenous defence manufacturing capabilities through the private sector over and above the existing production base.
- **Its objective is to:**
  - **implement research and analysis focused on energy sector opportunities** throughout South Asia.
  - **equip USAID partner governments with critical information** to enable strategic investments.
  - **contribute towards achieving the goals of Asia Enhancing Growth and Development through Energy (Asia EDGE)**, a United States Government initiative to support the growth of sustainable and secure energy markets across the Indo-Pacific.

## 10.1. INDIAN ANTARCTIC ACT, 2022

### Why in news?

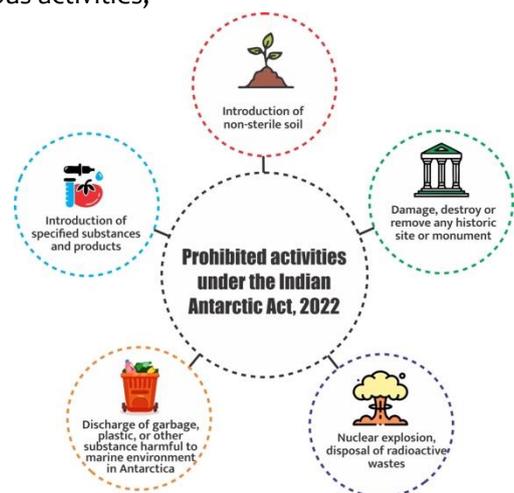

Recently, the **Indian Antarctic Act, 2022** was enacted.

### About Indian Antarctic Act, 2022

- This act aims to
  - provide national measures for protecting the Antarctic environment and dependent and associated ecosystems and
  - **to give effect to the Antarctic Treaty, the Convention on the Conservation of Antarctic Marine Living Resources and to the Protocol on Environmental Protection to the Antarctic Treaty.**
- **Key Objectives of the Act**
  - **Prohibit Indian expedition to Antarctica or carrying of certain activities in Antarctica without a permit;**
  - **Eliminating mining or illegal activities.**
  - **Fulfilling India's obligations under Antarctic Treaty and related conventions.**
  - **Facilitating India's interest and pro-active involvement** in the management of growing Antarctic tourism and sustainable development of fisheries resources in Antarctic waters.
  - **Increasing international visibility, credibility of India in Polar governance.**
  - Building a well-established legal mechanism for **efficient and elective operations of Indian Antarctic Programme.**
- **Key Provisions of the Act**
  - **Applicability:** Provisions applicable to **any, Indian or foreign Citizens;** entities incorporated, established or registered under any law in force in India; vessel or aircraft registered in India or involved in any Indian expedition to Antarctica.
  - **Establishment of a Committee on Antarctic Governance and Environmental Protection** to be chaired by the **Secretary of the Ministry of Earth Sciences.** Various functions of the Committee include:
    - ✓ **Grant, suspension or cancellation of permits** for various activities;
    - ✓ **Monitoring, implementing and ensuring compliance** of relevant international laws, emission standards and rules for protection of Antarctic environment;
    - ✓ **Negotiating fees/charges with other parties** for activities in Antarctica;
    - ✓ Establishment of **waste classification system and waste management plans** etc.
  - **Permit system:** A permit by the Committee or written authorisation from another party to the Protocol (other than India) will be required for various activities such as:
    - **Entering and staying in Antarctica,**
    - **Mineral resource activities,**
    - **Introduction of non-native animals and plants or microscopic organisms,**
    - **Removal of biological specimen,**
    - **Entering into Antarctic Specially Protected Area or Marine Protected Area,**
    - **Waste disposal** etc.
- **Constitution of the Antarctic fund** for Antarctic research work and protection of Antarctic environment.
- **Stringent penalties for contravention of its provisions:** E.g., Conducting a **nuclear explosion** in Antarctica could lead to **imprisonment of 20 years** etc.

### India's other endeavours in Antarctica

- The Protocol on Environmental Protection to the Antarctic Treaty (the Environmental Protocol or **Madrid Protocol**) **entered into force for India in 1998.**
- India is also a **member of** Council of Managers of National Antarctic Programme (**COMNAP**), Scientific Committee of Antarctica Research (**SCAR**) and Commission for Conservation of Antarctic Marine Living Resources (**CCAMLR**).
- **India's Research stations: Maitri** at Schirmacher Hills, **Bharati** at Larsemann Hills (Dakshin Gangotri was the first Indian base established in 1984).
- The Antarctic operations of India are currently funded from the **budget allocated to the Ministry of Earth Sciences** under relevant head.

- Designated court to try punishable offences.
- Grant of Special permit for commercial fishing in Antarctica.

## Antarctica treaty

**About Antarctic Treaty**  
 This treaty came into force in 1961 after ratification by 12 original members: Argentina, Australia, Belgium, Chile, France, Japan, New Zealand, Norway, South Africa, USSR (now Russia) the UK, and the US.

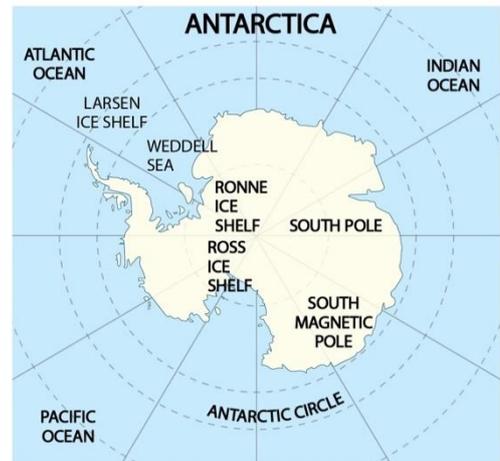

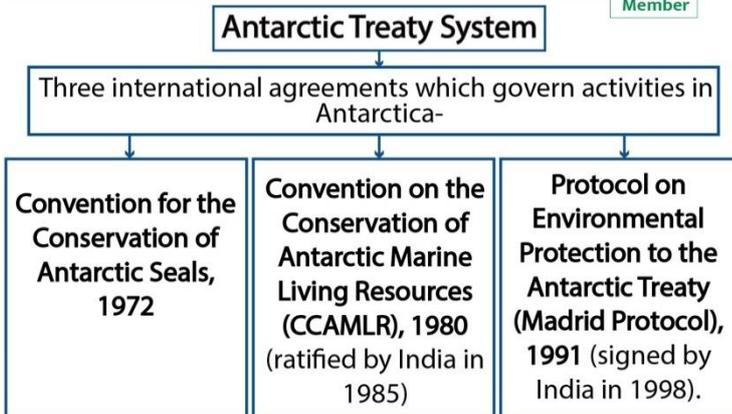

**Objective**

- **Demilitarize Antarctica**, making it free of nuclear tests and the disposal of radioactive waste.
- **Establish it as a zone for peaceful research activities.**
- **Set aside disputes over territorial sovereignty.**

**Parties:** Currently 54 countries have acceded it.

**About Antarctica**

- It is **world's 5th largest**, southernmost and the **driest, windiest, coldest, and iciest** continent.
- It is **not a country** and **has no government and no indigenous population.** Instead, the entire continent is set aside as a scientific preserve.
- **Just 2% of this continent is free of ice**, allowing a small toe-hold for hardy animals and plants.
- **It holds 90% of the Earth's total ice volume and 70% of its fresh water.**

## 10.2. SUPPLY CHAIN RESILIENCE INITIATIVE (SCRI)

### Why in News?

India recently adopted US' joint statement of the 2022 Supply Chain Ministerial Forum on cooperation of global supply chains.

### More in News

- A partnership of 18 economies, **including India, US and European Union** has unveiled a four-point roadmap for building collective, long-term resilient supply chains (RSC) to counter risks arising from supply dependencies and vulnerabilities.
  - Roadmap was formulated in the backdrop of **supply chain summit that was held in US, in 2021.**
- India, Japan and Australia have also launched **Supply Chain Resilience Initiative (SCRI)** (first proposed by **Japan**) to counter China's dominance of supply chain in the Indo-Pacific region.

### About SCRI

- It is an approach that helps a country **to ensure that it has diversified its supply risk** across a clutch of supplying nations instead of being dependent on just one or a few.
- **Objective is to-**
  - Attract foreign direct investment to turn the **Indo-Pacific into an economic powerhouse.**
- Build a mutually **complementary relationship among partner countries.**

KNOW THE TERM

- **Global Supply Chains (GSC):** GSC are networks that can span across multiple continents and countries for the purpose of sourcing and supplying goods and services.
- GSC involve the flow of information, processes and resources across the globe.
